OBJECTIVE

Along with 4+ years of experience in C and C++, I have deep knowledge about inner working of computers, compilers, programming languages, and operating systems. While working on projects, I focus on maintaining the simplicity and optimization of the code base.

EXPERIENCE

Software Engineer Intern at Unite Wings Educational Confederation August 2025 - November, 2025

- Developed the website and deployed on Hostinger.
- Decreased the response and render time of website by 30%.
- Contributed to projects written in C and C++ by reducing the memory usage.

EDUCATION

Master's in Computer Application, Graphic Era University, Dehradun. 2025 - 2027

Coursework: Advance Operating System, Data Structures, Cloud Computing, Computer Network.

Bachelor's in Computer Application, Graphic Era Hill University, Bhimtal. 2021 - 2024

Coursework: Computer Fundamentals, Programming languages, Software Development.

SKILLS

Technical Skills Linux, Shell Scripting, GCC, Clang, C, C++, Data Structures, Debugging, Optimization.

Soft Skills Project Planning, Attention to detail, Team Leadership, Project Management, Research.

PROJECTS

SRON (Saksham Rapid Object Notation)

- A high-level, single-threaded, dynamically typed, functional and compiled + interpreted programming language.
- The compiler converts the source code to byte-code and saves it in a '.srb' file.
- Further, the interpreter loads the byte-code file and starts its execution.
- Released 5 versions till July 2025. Latest version is 2.2.
- Version 2.1 and older are developed in C++11 using GCC compiler and version 2.2 in C++23 using Clang compiler.
- Provides extremely fast execution speed surpassing even Python, Java, C# and JavaScript in several cases.
- Has a platform-independent architecture.

EXTRA-CURRICULAR ACTIVITIES

- Won a C++ Competition organized by WeCode Club in the university. View Results from [here](#).
- Achieved #1 in another C++ Competition with more than 100 participants. View Certificate from [here](#).
